

- **Midpoint Office Warehouse Development**

Located at the southeast corner of Indian Road and Westgate Avenue, the project consists of ten office/warehouse condominium units within a single two-story 27,500 square foot building on a 2.7 acre parcel. The building is constructed with concrete tilt-walls, impact glass and convenient overhead doors located in the rear. Completed in 2007, only two units remain vacant. Due to its geographical location, the Westgate area has been an ideal location for businesses seeking quality Class A commercial office space.
